Web developer

A software developer who develops himself in the field of web technologies. I am a person who loves to research, study, learn, try what he has learned, evaluate the data he has obtained from his experiments, participate in volunteer activities, write code. Personality type: Cautious, Calculating, conflict-averse, optimistic, punctual, october uses attachments that should be frequent.

Specialties: Python, Django, Javascript, postgresSQL, JQuery

Technologies: jQuery,

Languages: English: A2, :

Programming resources used for self-learning: django documentation, Free Code Camp, Stack Overflow,

Interests: Developing software and learning new things. To volunteer in social responsibility projects. I worked as a media co-chair in Firattog for 1 year. I had the opportunity to participate in many events held. in 2019, thanks to TOG, I had the opportunity to participate in the Nazım Hikmet Summer camp. I'm still volunteering right now. I have been a member of Manisa GDG since December 2021.
